2. Mobility Project for Higher Education Students and Staff

Page 39

These are the geographical targets set for mobility between Programme and Partner Countries at EU level by 2020:

- With Neighbouring countries (East and South), mobility should be mainly inbound to Europe: no more than 10% of the mobility should be outbound to these countries. This does not apply to Russia;
- With Developing Asia and Latin America, 25% of the mobility should be organised with the least developed countries of the region. These countries are:
  - For Asia: Afghanistan, Bangladesh, Cambodia, Laos, Nepal, Bhutan and Myanmar;
  - For Latin America: Bolivia, El Salvador, Guatemala, Honduras and Paraguay;
- No more than 30% of the budget available for Asia should be spent on mobility with China and India;
- And no more than 35% available for Latin America on Brazil and Mexico.

WHAT ELSE YOU SHOULD KNOW ABOUT THIS ACTION?

More compulsory criteria and additional useful information relating to this Action can be found in Annex I of this Guide. Interested organisations are invited to read carefully the relevant sections of this Annex before applying for financial support.

PARTICIPANTS FROM OUTERMOST REGIONS AND OVERSEAS COUNTRIES AND TERRITORIES

In line with the Regulation establishing the Erasmus+ Programme, which calls on taking into account the constraints imposed by the remoteness of the outermost regions and the Overseas Countries and Territories (OCTs) of the Union when
implementing the Programme, special funding rules are set in order to support expensive travel costs of participants from outermost regions and OCTs insufficiently covered by the standard funding rules (based on contribution to unit costs per travel distance band).

Applicants of mobility projects will be allowed to claim financial support for travel costs of participants from outermost regions and OCTs under the budget heading "exceptional costs" (up to a maximum of 80% of total eligible costs: see "What are the funding rules?"). This would be allowed provided that applicants can justify that the standard funding rules (based on contribution to unit costs per travel distance band) do not cover at least 70% of the travel costs of participants.
